State Marker

National v 8/3/82

St. Josephs, 2003

Historic Overview:

St. Joseph's Episcopal Church was built between 1926 and 1927 and designed by James J. Nettleton who worked for the Detroit firm of Donaldson and Meier. Nettleton was a member of the congregation and graduate of the architecture program at Cornell University. The church is built of dark sandstone and gray limestone.¹
